Daniel Enis

(318) 564-4449 | danielenis00@gmail.com | danielenis.dev | linkedin.com/in/daniel-enis

EDUCATION

University of Texas at Dallas Richardson, TX
Bachelor of Science in Computer Science *Enrolled Aug 2024*
- Association of Computer Machinery (ACM) Mentee, SAE Software Team Member

EXPERIENCE

Bricks 4 Kidz Shreveport, LA
Instructor *Summers of 2022–2024*
- Instructed summer camp classes introducing elementary STEM concepts using hands-on projects.
- Designed and facilitated activities that encourage collaborative, problem-solving skills in young learners.
- Utilized simple block-based coding languages to teach early programming skills.

Commonground Shreveport, LA
Volunteer *Feb 2018 – Dec 2022*
- Organized and distributed food supplies during community events, directly supporting 500+ families.
- Coordinated logistics for Christmas drives, ensuring on-time delivery of donations.
- Recognized for leadership in assisting with community outreach programs.

PROJECTS

OLL Solver | *Python, CustomTkinter, PyInstaller, Git*
- Developed a Python-based OLL (Orientation of the Last Layer) solver for a Rubik's Cube, utilizing the Windows terminal to set up a virtual environment and manage dependencies.
- Designed an intuitive graphical user interface using CustomTkinter to allow users to interactively input cube configurations.
- Packaged the application into a standalone .exe file using PyInstaller for easy execution on Windows systems.

Personal Portfolio | *JavaScript, HTML, CSS, VS Code, Git*
- Developed a static front-end website to showcase development projects.
- Utilized GitHub Pages and a custom domain for web hosting.

TECHNICAL SKILLS

Languages: Python, Java, JavaScript, HTML, CSS, C++
Frameworks and Databases: React.js, Express.js, Tailwindcss, Bootstrap, MongoDB
Developer Tools: AWS, Git, Visual Studio, VS Code, GitHub
